

MAUI DREAMS DIVE CO.

STUDENT RESPONSIBILITY AGREEMENT

As a student in a Maui Dreams Dive Co. SCUBA program, I understand that the process of becoming a diver or continuing my diving education requires my effort and cooperation for the class to be beneficial and enjoyable to the other class members, myself, and the instructor. As a result, I accept the following responsibilities as a student (please initial all of the following):

_____ I will arrive at each class session on time and ready to participate, as per the schedule provided by the instructor.

_____ I will read all assigned PADI textbook chapters and complete the Knowledge Reviews before the beginning of each class session. I understand that no course format offered by Maui Dreams Dive Co. includes class time for the completion of homework.

_____ I will arrive at the training site on or before the announced class starting time with all of my personal equipment properly prepared (new mask lenses scrubbed as per manufacturers instructions, etc).

_____ I understand that if I arrive more than 10 minutes late, fail to show up for, or am unprepared with reading or homework assignments for any academic sessions, I will need to arrange a make-up session with the instructor. Make-up sessions will incur an additional fee of \$35 each.

_____ I understand that if I am more than 10 minutes late, fail to show up for, or am unable to complete a Confined or Open Water session, I will need to arrange a make-up session with the instructor. Make-up sessions will incur an additional of \$75 each.

_____ I understand that Maui Dreams Dive Co. only accepts four students per instructor. If I need to cancel or reschedule a course, I am aware of the \$75 reschedule fee if I need to make changes with less than 48 hours notice prior to the start of my class. I also understand that if Maui Dreams Dive Co. is able to fill my spot, I will not be charged the cancellation/reschedule fee.

_____ OPEN WATER STUDENTS: I understand that I am not a certified diver until I have completed and logged all required Open Water dives. Until then, while under water or on the surface, I will only practice or perform SCUBA skills and exercises under the direct supervision of my instructor(s).
